PCB Designing Workshop

The Department of Electronics of Adarsha Science Mahavidyalaya has organized 'PCB Designing Workshop' on Wednesday, 26th February 2020. For this program Dr. Y.B. Gandole (Principal, Adarsha Science Mahavidyalaya), Dr. S.A. Rodge (Head, Department of Electronics), Mr. S. K. Shelke were remained present. Workshop was organized for B.Sc. II and B.Sc. III year students of Electronics Subject.

Faculty members and students during workshop

Mr. S. K. Shelke conducts this workshop, in this he explained EAGLE software which is used for developing schematic and layout circuits. He also introduced different types of Electronics component and PCB materials with the students. At the end, he made one PCB layout and explained how it can be printed on the Epoxy sheet.

All the students were actively engaged in this workshop and ask queries related to electronics components, devices, and PCBs. Total 38 students were remained present for this workshop.

Outcome: Students grabbed knowledge of Electronics components, PCB materials and its process that is very much helpful to them for acquiring job placement in the Institutions or Industries.

Feedback: Students are very happy and delightful with the organization of this workshop. They remained actively participated throughout the program. They also demand for such type of the program in the department.
