About Essay Competitions

Knowledge has become the main wealth of nations, society and people. Hence, investing in research, innovation and education is now the key-leverage for competitiveness and prosperity in country. At the heart and foundation of this challenge, mathematics plays a crucial role as it provides a logically coherent framework to society or mathematical community. The role of mathematical sciences in civilization has been of central importance for centuries. The current trend to a global economy and a knowledge society has placed information and innovation technologies, increasingly dependent on scientific research driven by Mathematics. In order to increase the knowledge of the subject of Mathematics as well as to apply the knowledge gained in Mathematics in all fields, it has been decided to organize an essay competition on some of the topics of Mathematics. The Competition is divided into Junior and Senior divisions.

ABOUT QUIZ COMPETITION

As we know that Mathematics is all about learning numbers and concepts with fun and enjoyment. "Mathematics as an expression of the human mind reflects the active will the contemplative reason and desire for aesthetic perfection". To inculcate the value of facing challenges and expressing their understanding of calculations and equations, a Mathematics Quiz competition is organized for UG and PG students of Department of Mathematics of Sant Gadge Baba Amravati University, Amravati on the eve of 133th Birth Anniversary of India's famous mathematician Srinivasa Ramanujan.

As we all know mathematics improves the reasoning and logical thinking of our students. Through this activity we want to give our students the confidence and ease with age appropriate mathematical operations. Quiz competition is a great way of analyzing how well one understands a subject and correlates the theoretical knowledge with its practical application in real life. It encourages students to stretch their knowledge horizons and look beyond what they are taught in class. Mathematics quiz is an excellent way of finding how well the students understand its concepts, and use them in their regular life. To promote and encourage a fun way of learning among students.
