7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

1. Title of the Practice: Environmental Awareness

2. Objectives of the Practice

- To promote environmental protection strategies like Nirmalya Nirmulan among students
- Promoting active student-involvement in wildlife conservation.
- To setup a rainwater harvesting unit
- To set up Green Army to support local environment and heritage conservation through innovative practices like seed-ball campaign, eco-brick preparation.

3. The Context

Environmental awareness among youngsters can help to mitigate several challenges that the world is facing today. Convincing the younger generation regarding need for environmental protection and the efficacy of minor lifestyle adjustments at individual level can make a difference to the cause of environmental protection. Innovative practices like Nirmalya Nirmulan, seedball campaign, eco-brick preparation can involve the student community in these measures, thereby allowing them to enjoy these events while discharging the duties of environmental protection.

4. The Practice

The college believes that higher educational institutions have an important role to play in environmental protection and sustainable development, ethos which are already enshrined in the social fabric of this nation. Every year students from college, collect Nirmalya produced during Ganesh and Durga festivals and use it for production of manure through compost unit prepared in campus. The manure is utilized during plantation drives.

To promote active student-involvement in wildlife conservation and creating a pool of volunteers in schools, wildlife week is celebrated through lectures/poster presentations, activities like wildlife fair, rangoli competitions etc.

The college has setup a rain water harvesting unit to improve ground water level in campus. in Dhamangaon railway. Well water recharge system is also installed in college to prevent well from going dry during summer.

NSS volunteers have formed Green Army Unit to run environmental activities in college campus, village and at the village adopted during NSS camp.

Seed-ball campaign is an easy, convenient, and sustainable way of increasing plant cover in the locality. During this activity, students prepare seed-balls of various local plants which are then scattered in the area identified previously for plantation.

Eco brick is a safe way to get rid of non-recyclable plastic. During the campaign, students have filled plastic bottles with wrappers/polythene bags etc. and used them for preparing borders around the plants in the campus.

5. Evidence of Success

Nirmalya nirmulan activity has successfully reduced littering as well as dumping of the floral waste in nearby water bodies besides reducing the purchase of compost for college campus. Success of events like wildlife week is evident from increased student participation in wildlife week and PG admissions to M.Sc. Zoology. Inception of “Wildlife at Your Doorstep” during pandemic, a brainchild of students themselves is a noteworthy change in thinking of students. Seedball campaign has resulted in increase of plant cover in hitherto barren lands. Eco-brick project has ensured eradication of single use plastic from college campus.

6. Problems Encountered and Resources Required

The emergence of CoVid-19 pandemic has acted as a huge challenge to the momentum of these activities. Paucity of funds, reduced efficiency of public transport system and precarious financial conditions of the local community is also a major roadblock.

1) Nirmalya Nirmulan Activity Report

Nirmalya Nirmulan Activity has been conducted during 10.09.2021 to 19.09.2021 in the Dhamangaon Tahsil region by the NSS department of the college. During this activity the decomposable material from all Ganesh Mandal has been collected by the NSS volunteers and brought to the college. Inside the college premises, special dedicated compost pits have been constructed and all the collected Nirmalya has been dumped and allowed to decomposed. This decomposed material has been used as a compost for all plants and botanical garden of the Adarsha Mahavidyalaya. During the collection of the decomposable material like flowers and leaves, about 80 kg of material has been collected by NSS volunteers. Environment protection and conservation followed by sustainable gardening was the main moto behind the conduction of such eco-friendly activity.

2) Tree Plantation:

2017-18:

As per the instructions given by the government of Maharashtra as well as from Director of NSS SGBAU, Amravati, Department of NSS has organized a special tree plantation drive in the college campus on 1st July 2017. The intention behind organization of this activity is to create pollution free eco-friendly premises of the college and contribute to minimize pollution from the environment. There are 130 plants has been planted during this drive by the NSS volunteers, college staff and other college students. Arrangement of these plants has been done by making request to Dr Babasaheb Ambedkar Nursery, Parsodi Road, Dhamangaon Rly.

Special instructions given to the participants to look after these plants and regularly water them whenever is needed. There are 18 teachers and 94 students participated in the tree plantation drive.

Tree Plantation 2019-20:

On dated 01.07.2019, Tree Plantation & Conservation Campaign has been organized in the campus. Initially, pits were dug and plants were obtained from the Dr. Babasaheb Ambedkar government nursery, Persodi road, Dhamangaon rly for plantation work. Various species of trees like Ficus, Pimpal, Karanj, Neem, Saptarni, Eucalyptus, Kanchan, Sitaphal were planted in the college premises. For the protection of the planted trees, special tree guards have been made from bamboo material which are then covered by green net. Famous Heart specialist of Dhamangaon region, Dr. Sandeep Dhawane along with his friends and alumni students of the institution have participated in the event and involved personally in the tree plantation activity. NSS volunteers, NCC cadets and other students of the college along with teaching and non-teaching staff of the college also participated actively in this campaign. At the end everyone that was involved on this campaign has made a pledge to plant at least 1000 trees and their protection.

3) Wildlife conservation:

Wildlife week 2021 was celebrated by the department of Zoology through a function on 4 October 2008 by an activity “wildlife at your doorstep” in which the students visited the schools at their hometown and they aware the school going students about wildlife and forests. The focus of this year’s programme was on changing attitudes of children towards wildlife, specifically weaning them away from: · Using catapults and wanton killing of birds; · Disturbing nests and removing eggs and fledglings from nests; · Killing of reptiles, particularly snakes · Keeping wild birds and animals as pets. The schools that participated in the programme were Z. P. Primary School Borwaghal and Dr. Babasaheb Ambedkar School, Dhamangaon Railway. This attempt was to alter the attitudes of children in favour of wildlife and change specific behaviour that harms wildlife. All the activities during the wildlife week function were designed with this in view and were a culmination of conservation awareness activities that have been undertaken with the selected schools since 2019.

On 5th October 2021, the inaugural function of wildlife week and Zoological society was organized. The programme was presided over by Respected principal Dr. Y. B. Gandole, Dr. Anand Naranje, IQAC Co-ordinator, Dr. S. O. Qureshi, Professor and Head, Department of Zoology and Shri. Yadav Tarte Patil, Member, State Board for Wildlife, Government of Maharashtra. The Zoological Society was inaugurated at the hands of Chief Guest Shri. Yadav Tarte Patil and the office bearers were declared as President: Ku. Gayatri Bante, Vice President: Ku. Isha Unone, Treasurer: Ku. Sakshi Nikam. On the occasion the chief guest guided the students on wildlife and its importance.

On 6th October a task of tree plantation and selfie during installation of artificial bird nest or artificial bird feeder was given in which students participated in huge number. On the same day an online seminar competition on conservation of wildlife was organized in which first prize was grabbed by miss Mrunmayee Kulkarni from Brijlal Biyani Science College, Amravati.

On the 7th October valedictory function was organized in the presence of Professor Dr. Praveen Joshi, Department of Zoology, Amolakchand Mahavidyalaya, Yavatmal. He delivered a guest lecture and guided the students on how birds are ecological indicators. It was followed by prize and certificate distribution.

4) Rain water Harvesting:

The college has setup a rain water harvesting unit to improve ground water level in campus as water scarcity is a major problem during summer in Dhamangaon railway. Well water recharge system is also installed in college to prevent well from being deficient.

5) Seed Ball Activity

Seed ball activity has been conducted in concern with environment protection and conservation. This seed ball activity has been conducted during 30.05.2022 to 05.06.2022. Most the student form NSS and other department has participated along with some teachers and senior NSS volunteers. During this activity, seed of endemic plants with are wild as well as has some medicinal properties has been intentionally selected and their seeds has been collected during summer season. During preparation of the seed balls, cow dung, vermicompost and compost soil has been prepared in the form of balls and some 4 to 5 seeds has been inserted in it. During onset of the rainy season, all these seed balls as been spread in the barren field by the students which eventually get germinated and converted into the wild plants. About 38 students and 5 teachers has participated in this event and this event has been organized by the NSS department since 4 consecutive years. There about approximately 14 wild plant seeds have been selected for seed ball preparation.

Seed Ball Campaign

The Green Army and NSS team, formed last year, produced and distributed environmentally friendly seed balls at home during the summer months of May and June. 2000 seed balls of different types of tree seeds were prepared and distributed in schools and various government departments. With the message of saving the environment, it was worthwhile to establish the Green Army of the college. The government also mentioned about the activities of this college on TWITTER. Not only the environment but also the students were seen working as bird / animal friends.

1. Title of the Practice: Social Responsibility

2. Objectives of the Practice

- To develop among students a sense of responsibility towards deprived sections of the society
- To encourage students to take up socially relevant issues and find solutions
- To eradicate superstitions from society

3. The Context

It is the civic duty of every educational institution to involve itself in socially relevant causes thereby facilitating community living. The tremendous energy of our student volunteers is capable to fend off challenges like natural calamities, social evils, superstitions, and deprivations/poverty prevalent in the society. The college through its NSS, NCC units and social responsibility cell carries out activities like blood donation camps, flood-relief measures, visit to orphanages/old age homes.

4. The Practice

The importance of blood donation can never be over-emphasized. On 12th of January every year the college organizes Blood Donation Camp. Countless needy patients benefit through this.

Workshops on disaster management were organized to impart training regarding facing natural disasters. During 2018 floods of Bhamaragadh, Dist. Gadchiroli which had posed a grave threat to the health and lives of tribal people, college students and teachers collected donations in the form of cash, medicines, clothing, and food items. A team of volunteers visited the area and distributed them among flood-affected people. Under mission youth health, a mass program on covid-19 vaccination was organized.

College has prohibited tobacco/nicotine-containing products on campus. Awareness regarding the ills of tobacco-addiction is ensured through active participation in Fit India Movement, in which an oath was taken by the students about fitness followed by different fitness exercises like Suryanamaskar.

Voter awareness program was organized to let students know about their voting right, voting procedure and to enrol their names as voters.

College has started the initiative to transform the lives of elderly through the donation of food, groceries, and daily uses items at old age home on regular basis through its social responsibility cell. The college faculty members are always ready to help economically backward students in terms of admission and examination fees.

AIDS has become a major public health concern due to its devastating nature. Awareness through peer education can prove to be effective in changing attitudes and practices regarding safe behaviour among youth. NSS unit of college organizes AIDS awareness program which involves an expert lecture, rangoli and poster competition. College organizes regular tree-plantation drives and cleanliness drives in the slum areas.

5. Evidence of Success

The college has contributed more than 70 units blood to blood-banks every year. The services rendered during flood-relief work has been acknowledged by various authorities. Cleanliness drives have improved the health and hygiene of people living in slums.

6. Problems Encountered and Resources Required

Since most of our students belong to weaker sections of the society, they have limited ability to financially support such initiatives.

1) Blood Donation camp:

A tradition run for the last 25 years by Dhamangaon Education Society, Sant Gadge Baba Amravati University, Adarsh Vigyan affiliated with Amravati, J.P. Bha. The grand blood donation camp was held on 12th January 2022 at Arts and Birla College of Commerce. Passed under the guidance of Yogendra Gandole. The camp was attended by the office bearers of Dhamangaon Education Society. The blood donation camp was inaugurated by Adv. Passed by Ramesh Chandraji Chandak. Adv. Ashish Kumarji Rathi, Shri Ramesh Chandraji Pasari, Shri Pradip Kumarji Lunawat, Chairman of Dhamangaon Blood Donation Committee Shri Chetan Kothari and Principal of the College Dr. Y. B. Worms were present. The entire inauguration ceremony was conducted by Assistant Professor Shri Jitendra Suryavanshi in his unique style and won the hearts of the audience. The camp started with the worship of the image of Swami Vivekananda by the office bearers. For this blood donation camp, the head of blood donation firm from Jawaharlal Nehru Medical College, Sawangi Meghe, Wardha, His team of doctors was present under the guidance of Dr. Sunil Chaware. The blood donation camp benefited 84 blood donors and received 71 units of blood from them. Dr. Sunil Chawre, Head of Blood Donation Bank, expressed astonishment at the enthusiastic participation of the youth despite the closure of colleges and other educational complexes even during the Corona period. At the beginning of this camp, the president of Dhamangaon Education Society, Adv. Chandrasekharji Chandak expressed his sentiments and praised the excellent organization of the blood donation camp organized by Rashtriya Seva Yojana Adarsh Mahavidyalaya Dhamangaon on the occasion of Youth Day and congratulated all on behalf of the society. Expressing surprise that the tradition of organizing this blood donation camp which has been going on continuously for 25 years is still going on, he wished for the future. To make this entire blood donation camp a success, the Assistant Program Officer of the National Service Scheme, Dr. Praveen Keche, Women's Program Officer Poonam Gahukar and volunteers of the entire Rashtriya Seva Yojana, NCC worked tirelessly.

Single use Plastic and Cycle Rally

A cycle rally was organized on 4th January 2020 to raise awareness about environment, plastic release and health to the rural people of Dhamangaon railway area. While the rally was passing through 8 villages, the men and women of the village were sensitized and a message was given to them not to use plastic bags by distributing paper and cloth bags made from newspapers along with various billboards. Visiting Old Dhamangaon, Shahapur, Dabhada, Kavali, Vasad, Vathoda, Jalgaon villages, 50 Raseyo active volunteers participated up to 25 km on their own bicycles. In the presence of Prof. Nilesh Mohokar in Kavali village, everyone took an oath to protect women. In this, the program officer and co-program officer inspired others by riding their own bicycles.
